

Proposed Amendment to Association Bylaws

The Association's governance documents contain numerous references to the position of Executive Director. NACWA's Board of Directors has acted to change the title of NACWA's chief staff executive from Executive Director to Chief Executive Officer. Consistent with this change, the Association's Board is recommending membership approval to amend NACWA's [*Bylaws*](#), as necessary, to replace all references to "Executive Director" with "Chief Executive Officer".

NACWA's membership will vote on this proposed *Bylaws* amendments during the *Annual Association Business Meeting* on Tuesday, July 14, 2015 in Providence.
