

NACWA Honors 441 Member Agency Facilities with *Peak Performance Awards*

Each year, the *Peak Performance Awards Program* recognizes member agency facilities for excellence in wastewater treatment as measured by their compliance with their National Pollutant Discharge Elimination System (NPDES) permit requirements. This year, 134 treatment facilities were honored with *Platinum Peak Performance Awards* signifying their 100% compliance for five or more years. These facilities were honored at NACWA's 2011 Summer Conference & 41st Annual Meeting during the award ceremony on July 20 in Chicago, Illinois. NACWA

was proud to honor 27 facilities that earned *Platinum* awards for the first time. The other 107 facilities have achieved the remarkable accomplishment of maintaining perfect compliance for a time period ranging from six to 24 years.

A number of NACWA member agency facilities also earn *Gold Awards* for maintain-

ing perfect compliance for a full calendar year and *Silver Awards* for no more than five violations a year. The Association was honored to recognize, along with our *Platinum Award* winners, 196 *Gold* and 111 *Silver Award* honorees for their commitment to excellence. This year NACWA paid tribute to a total of 441 facilities with *Peak Performance Awards*. This outstanding accomplishment signifies NACWA members' commitment to environmental protection and represents the diligence and hard work of each agency's employees. NACWA congratulates all its *Peak Performance* winners:
