

# How does NACWA ensure its relevancy going into the future?

*2010 Fall Strategic  
Leadership Retreat Comments*

Responses related to advocacy. . .

“Maintain the flexibility and adaptability in the issue areas we focus on and the political context in which these issues are discussed.”

**“Take a larger role in pollution prevention, as it is the issue that will define the future.”**

**“Focus on sustainability, resource recovery, etc...”**

**“Find every opportunity to  
establish key partnerships on  
important issues.”**

“Maintain flexibility and proactiveness to adapt quickly to new issues and different political climates.”

**“Keep abreast of research development and work to drive a research agenda.”**
