

New Jersey Long Term Control Plan Workshop

In Association with Jersey Water Works

December 10, 2015

12:30 pm – 5:00 pm

New Jersey Institute of Technology

Ballroom A, Campus Center

Newark, New Jersey

Copies of today's presentations are available at: www.nacwa.org/15nj

AGENDA

- 12:30 – 1:00 **Lunch** – A boxed lunch will be provided for all Workshop participants in the meeting room.
Special thanks to Barnes & Thornburg LLP for sponsoring the lunch.
- 1:00 – 1:10 **Welcoming Remarks and Workshop Overview**

Nathan Gardner-Andrews, Chief Advocacy Officer
National Association of Clean Water Agencies
- 1:10 – 1:15 **Jersey Water Works Welcome/Update**

Chris Sturm, Managing Director – Policy and Water
New Jersey Future
- 1:15 – 2:00 **Perspective from the Regulators** – Speakers from both the U.S. Environmental Protection Agency and New Jersey Department of Environmental Protection will discuss how regulators view the long term control plan (LTCP) process, what issues they are most focused on, and the important opportunity New Jersey utilities and communities have to pursue LTCPs through the permit process and not through enforcement actions.

Dan Kennedy, Assistant Commissioner
Water Resources Management
New Jersey Department of the Environment

Pilar Patterson, Bureau Chief
Bureau of Surface Water Permitting
New Jersey Department of the Environment
- 2:00 – 2:05 **Break**
- 2:05 – 3:05 **Understanding the CSO LTCP Process and Legal/Regulatory Framework** – Expert clean water professionals on this panel will examine the key legal and regulatory drivers behind LTCP requirements and what utilities/communities should understand when going through the process. Discussion will include key tips for a smooth LTCP planning experience, important regulatory and legal considerations, how to coordinate among multiple jurisdictions to create the most comprehensive approach, and how to raise sufficient funds for LTCP implementation.

Carter Strickland, Vice President
HDR Engineering, Inc.

Michael Witt, Partner
Chasan Leyner & Lamparello PC

Fred Andes, Partner
Barnes & Thornburg LLP

3:05 – 3:15 **Break**

3:15 – 4:45 **CSO LTCP Case Studies** – Speakers from clean water utilities that have already gone through the CSO LTCP process will share information on how their utilities approached the planning phase and what they have learned so far during implementation. Key topics to be addressed include how to appropriately balance the use of green and gray infrastructure, how to ensure community support for the process, and how to fund LTCP projects. These case studies will provide an excellent opportunity to learn from peer utilities and gather key insights into the LTCP process.

Kyle Dreyfuss-Wells, Deputy Director of Watershed Programs
Northeast Ohio Regional Sewer District

Tom Rhoads, Commissioner
Onondaga County, NY Department of Water Environment Protection

Bryan P. Lennon, Assistant Water Division Director
City of Wilmington, DE Department of Public Works

4:45 – 5:00 **Jersey Water Works CSO Permittee Network**

Andy Kricun, Executive Director/Chief Engineer
Camden County Municipal Utilities Authority

5:00 **Adjourn**

We gratefully acknowledge our sponsors for this Workshop:
