

**Cynthia A. Finley**

Director of Regulatory Affairs

National Association of Clean Water Agencies

Washington, DC

**Cynthia Finley** is Director of Regulatory Affairs at the National Association of Clean Water Agencies (NACWA), which represents the interests of nearly 300 municipal wastewater utilities. Ms. Finley earned her PhD in civil engineering from the University of Texas at Austin in 2004, specializing in the risk-based assessment of contaminated groundwater remediation. She received a MS in civil engineering from the University of Washington in 1997 and a BS in civil engineering from Texas A&M University in 1995. From 2004 to 2006, Ms. Finley was an assistant professor in the Department of Civil and Environmental Engineering at the University of Missouri – Columbia, where she worked on international engineering education programs and taught courses in risk and reliability, landfill design, and groundwater flow and contamination. She joined NACWA in 2006 and works on regulatory issues related to wet weather management, collection systems, climate, energy, security and emergency preparedness, and pretreatment and pollution prevention.
