

Douglas Mendoza

Manager of Industrial Pretreatment
Metropolitan St. Louis Sewer District
St. Louis, MO

Doug Mendoza is the Manager of Industrial Pretreatment at the Metropolitan St. Louis Sewer District (MSD), the fourth largest sewerage agency in the United States. MSD serves a population of approximately 1.4 million, operating and maintaining 9,578 miles of sewers. The Industrial Pretreatment Program has over 200 significant industrial users under industrial wastewater discharge permits.

Mr. Mendoza began his career with MSD in 1989, becoming the Pretreatment Manager in 2005. His staff includes 17 employees responsible for industrial inspections, permitting, field sampling, enforcement activity, special discharges, hauled waste, sewer credits, and sewer surcharges.

Mr. Mendoza earned his BS in Chemical Engineering and MS in Engineering Management from the University of Missouri-Rolla (now Missouri University of Science & Technology).
