

Eileen Gers

City of Grand Junction
Industrial Pretreatment Supervisor
Grand Junction, CO

Eileen Gers has over 30 years of experience protecting the environment. She has worked for the City of Grand Junction since 1984 and became the City's Industrial Pretreatment Supervisor in 2009. Prior to working in Pretreatment, she held positions with the City as Environmental Regulatory Manager, Environmental Laboratory Services Manager and Lab Chemist.

Ms. Gers has her BS in Microbiology and Chemistry from Northern Arizona University and is currently obtaining her Practitioner's license in Ortho-Bionomy, an Osteopathic-based practice that naturally reduces body pain and stress in comfort.
