

Gary B. Cohen
Special Counsel
Hall & Associates
Washington, DC

Gary Cohen is special counsel with Hall & Associates. With over thirty years of environmental law experience (including seven years at EPA Headquarters), he represents clients throughout the country on wet weather and other Clean Water Act-related issues including NPDES permit negotiation, NPDES permit appeals, defense of enforcement actions, pretreatment program review and development, multi-jurisdictional agreements, and implementation and enforcement of the pretreatment program. In addition, his expertise includes Superfund, underground injection and RCRA hazardous and solid waste regulation.

Mr. Cohen received his JD from the State University of New York (Buffalo) in 1980 where he was involved in Love Canal issues (including clerking for the New York State Supreme Court). His bar membership includes New York, California, and Washington, D.C., as well as various federal courts.
