

Helen Cantril Dulac

Pretreatment & Laboratory Services, Grease Abatement Program
City of Dallas Water Utilities
Dallas, TX

Helen Cantril Dulac has been the Dallas Water Utilities' Grease Abatement Coordinator since 2007. She has overseen the transformation of the program to one of the largest grease abatement programs in Texas. The *Cease the Grease* program educates Dallas residents on the proper disposal of cooking grease and the recycling of used cooking oil since 2005. The program won the Texas Commission on Environmental Quality's *2012 Texas Environmental Excellence Award* for Pollution Prevention. For her achievement, she has been recognized by the Texas Water Utilities Association with two Public Education Awards and the program won the *2008 Mayor's Environmental Excellence Award*.

Ms. Cantril Dulac graduated with a BS from Texas A&M University and a MS from Texas Christian University.
