

**Kyle Dreyfuss-Wells**

Manager of Watershed Programs  
Northeast Ohio Regional Sewer District  
Cleveland, OH

**Kyle Dreyfuss-Wells** is the Manager of Watershed Programs with the Northeast Ohio Regional Sewer District (NEORS). Ms. Dreyfuss-Wells coordinates the District's watershed management efforts across District programs, including the application of stormwater control measures to combined sewer overflow control through the District's green infrastructure program and implementation of watershed management and stream restoration projects across the District's 62 communities. She is chair of National Association of Clean Water Agencies' Stormwater Management Committee and a member of the Natural Resources Assistance Council of Cuyahoga County.

Ms. Dreyfuss-Wells received her BS in biology *Summa Cum Laude* from the Ohio State University. She received a Masters in Public Affairs and a Masters in Environmental Science with honors at Indiana University's School of Public and Environmental Affairs and served as a Peace Corps Volunteer in Samoa. Before joining NEORS, she was Director of the Chagrin River Watershed Partners, Inc.
