

Newton Ellens

Pretreatment Program Manager
Water Enforcement & Compliance Assurance Branch
U.S. Environmental Protection Agency Region 5
Washington, DC

Newton Ellens graduated with a Bachelor's in Civil Engineering from the University of Illinois, Urbana/Champaign. He has been with the U.S. Environmental Protection Agency, Region 5 for 21 years. Mr. Ellens joined the Region's Water Division as an NPDES Enforcement Officer in 2007. He has investigated sources including storm water from construction sites and rock quarries, municipal separate storm sewer systems, publically-owned treatment works (POTWs), industrial users discharging to POTWs, and industrial direct dischargers. Newton's POTW experience has included audits and compliance inspections of POTW pretreatment programs, and inspections of combined and sanitary sewer systems.
