

Richard W. Stahr
Senior Vice President
Brown and Caldwell
Charlotte, NC

Richard Stahr is a Senior Vice President with Brown and Caldwell with 34 years of experience in the water industry. He has worked extensively in the fields of wet weather compliance and asset management. In addition, he has helped to form and develop several major regional entities to provide water, wastewater and solid waste services. He is experienced working with U.S. Environmental Protection Agency (EPA) and various state regulators and having negotiated several major enforcement actions.

Mr. Stahr has a BS in Civil Engineering and a MS in Sanitary Engineering, both from Virginia Tech.
