

William Sukenik

Project Director

Woolpert, Inc.

Atlanta, GA

Bill Sukenik is a Project Director for Woolpert, a consulting firm providing design, geospatial, and infrastructure management services to public and private sector clients. He is located in the firm's Atlanta office.

Mr. Sukenik has over 38 years of experience in civil/sanitary engineering. He has served as program manager, project director and project manager in the water and wastewater fields including multi-billion dollar combined sewer and sanitary sewer overflow control programs in Atlanta, Houston and Pittsburgh. Earlier in his career, he managed a wastewater authority in southeast Orange County, Calif. He has served on national and local committees focused on combined and sanitary sewer systems. He has co-authored a number of papers for presentation at national and state professional organization conferences, and contributed to peer-reviewed publications on the subject of wet weather flow management.

Mr. Sukenik earned a BS from SUNY at Buffalo and a MS in engineering from Virginia Tech.
